

19th April, 1971

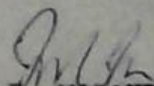

Dear Mr Suresh Singh,

Many thanks for your letter of April 7, and your expression of sympathy and solidarity which I appreciate. As you must have seen from Press reports, I Have stepped down from the Presidentship of my Party, but I have a lot of work ahead of me.

I would certainly like to visit your hospital when I am next in your part of the Country. My best wishes for the success of your efforts.

I do not have Svetlana's new address in the States and would very much appreciate your letting me have it, so that I may reply her old letter which has remained unacknowledged.

Yours sincerely,

(M. R. MASANI)
