My dear Masani,

Your letter about Erdman's article.

I agree we should not enter in an argument.

But is there anything we should learn
from what he says, and do? It does bother me.
Erdman judges us by the chances he sees of
success. And we too want success, though
we may not die for want of it.

Yours sincerely,

C. Rajagopalachari

Mr. M.R. Masani
