My dear Masani,

I have just returned after two days tour in Dohad Parliamentary area. Shri Solanki accompanied me and he translated my speeches. He is an effective speaker in Gujarati and translates well. Maharaja of Baria is very dynamic and influential and he is doing his best. I learn that we are, however, weak in the Baroda portion of the constituency. So I would be glad if you can spare one day for Dohad and another day for Baroda portion.

Rajah of Ramgarh has asked me to tour in Muzaffarpur district to support their Assembly candidate. Today his wife Rani Lalita Rajya Laxmijee has come and stressed the need for two days campaigning by me, Gayatri Deviji and Dahyabhaiji. Since the other two are not available, I think I have to go and do the to and fro journey by the plane. I am trying to make the necessary reservations.

I received your notes on Super Profit Tax Bill etc. Shri Dandekar spoke eloquently and convincingly and had a big audience.

I have to find time to go to Andhra to campaign for at least three days in the Badvel Assembly/Badvel constituency after my return from Patna. If this programme materialises, I may not be able to be in Delhi to meet and discuss various things with you, on the 11th inst. From there I may have to go to Andhra via Calcutta and spare sometime if possible for campaigning for a day in Orissa and return from Badvel to Delhi by plane by 17th i.e. by the time Finance Bill is taken up for consideration in the House.

Thank you for arranging the advertisements for the Vahini

and I am sure it will enable us to spread the free list in Chittoor area.

Our Gujarati friends are hoping that you may be willing to consider the possibilities for election in Rajkot Constituency. I hope you will find our prospects bright enough for you. I am glad to know that you have already started making enquiries in this connection.

Do kindly try to collect and send at least Rs. 5,000/- to our Badvel candidate. He needs it so badly.

Yours affectionately,

Shri M.R. Masani,  
General Secretary,

*I learn that the P.S.P is setting up its own candidate against Lohia. It is all so funny.*
