My dear Masani,

What a pity. We did not think of such a possibility, while in our session, as this Sirimovo's Proposals being so close to What Nehrujee had been proposing.!

A perusal of my letter to Rajajee will indicate what I consider to be our possible predicament. Please convey soon your advice so as to reach me in Delhi by the 20th morning.

Yours sincerely,

I will be staying in 44, western court.
