

106
4th March 1971

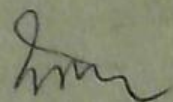

My dear Dabeh,

Let me on returning to office say "thank you" for your so very sweetly making it possible for a helicopter to come to my aid in Rajkot. We made good use of the six hours flying time available and this enable me to fly over and wave to a lot of villages which would otherwise have been neglected. I am sure, whatever the result, this would have helped but apart from this the kids in Rajkot and the villages had a field day!

I am hopeful that as a result of the generous assistance given by you and many other friends it will be possible for me to carry the constituency when the ballot boxes are opened on the 10th.

Yours sincerely,

Mrs. Dabeh Sawhny
Somerset House
