Swatantra party to be revived

MADRAS, Sept. 21 (UND).

Members of the erstwhile Swatantra Party met here yesterday and decided to revive the party.

The meeting, presided over by Mr. S. Krishnan and attended by workers from all over Tamil Nadu, felt that the revival of the party was "the need of the hour as only the Swatantra policies could bring salvation to the country," according to a press release by Mr. S. Krishnan.

The meeting appointed an ad-hoc committee comprising representatives from various districts to organise a convention for the formal revival of the party.

The committee has been authorised to contact former members of the party all over the country, the release said.
