Yesterday Dr. Robert Goheen called on me. I had a fruitful discussion with him. I told him that Mr. Chester Bowles misled late Shri Nehru.

The Swatantra Party alone could have - become a good alternative but now there is no hope for a sound party development. The parties are in a shambles.

I also told him that due to Russian - invasion of Afganistan most persons are - rethinking about Russia. Americans should try to step up propaganda for saving democracy.

I see no future for the " split " Janatas.

With best wishes,

yours sincerely
