Dear Mr. Masani,

As you are aware Mr. S.V. Raju has left India. He has entrusted me with the task of keeping in touch with friends and admirers of Rajaji. I understand that on March 16, 1980 a meeting was called at the residence of Mr. D.N. Patodia at New Delhi where some friends met and discussed current affairs. Since I was not present at the meeting I would like to know from you a list of participants with their addresses if possible and a summary of the general consensus arrived at this meeting.

This information is required so that I can collate such information and put into a form of a "Newsletter" and forward the same to various friends and admirers of Rajaji throughout the country. An early reply from you will be appreciated.

Thanking you and with regards,

Yours sincerely,

(J. Venkiteswaran)
