My dear Nani,

This is just a line to say how very much I appreciate your coming all the way to Rajkot to speak for me. May I tell you what a deep impression your personality and your talk has made on the intelligentsia of the city? They were still talking about it when I left yesterday. Prestige-wise your coming was a great shot in the arm for us. I am also grateful to Nargish for going round the bazaars with me.

- \* Herewith a few snaps of you at the meeting and a couple of snaps of Nargish walking on Dharmendra Road.

With my warmest regards and sincerest thanks to you both,

Yours sincerely,

( Minoo Masani )
