

July 6, 1978

My dear Sosan,

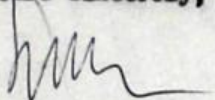

1127

I have just read your letter of July 5, 1978. I do recall what was discussed at the last meeting and you will also recall that I immediately said that I should be spared from the tea pep-talk.

I am afraid in order to avoid further wear and tear on my health you must excuse me from this. However Murthy and you can go ahead and arrange the tea to suit your convenience. If by any chance I feel upto dropping in, though not for giving a pep-talk, I shall certainly do so.

With kind regards,

Yours sincerely,

M. R. Masani
