Dear Mr: Masani,

Many thanks for your circular letter inviting me for a discussion meeting at the Sassoon building office on 29-7-77.

In fact before getting your letter I was thinking of contacting You and Mr: Dandekar for taking initiative in calling for such a meeting at periodical intervals so that those of us who subscribed to the "Swatantra" principles can take stock of happenings in the Country and try to take some corrective measures. I shall certainly attend the meeting on 29-7-77 and wish to hear from you your views on the current political and economic condition in the Country after the Janata Govt: took over.

With kindest regards,

yours sincerely,

J. Venkiteswaran
