My dear Dandekar

Thank you for sending me a copy of the note you sent to Morarjibhai on 10th April. I find myself in happy accord with what you have said.

As it happens, I met Morarjibhai ^{the} some time you wrote your note and told him to hold on to his fast as I was confident that he would win. I had the satisfaction three days later to go and congratulate him on the successful end of his ordeal.

Yours sincerely
