Dear Shri Masani,

I have seen your letter dated the 8th March 1967, wherein you had made two suggestions, viz. the constitution of (i) Standing Committees in place of the existing informal Consultative Committees attached to the various Ministries and (ii) a General Purposes Committee.

As regards the Standing Committees, I find that an amendment to the Rules of Procedure to provide for such a Committee has already been given by Shri Madhu Limaye and the matter will soon be placed before the Rules Committee, which I am constituting during the course of the next week. As regards the General Purposes Committee, you might find from Appendix II of the Rules of Procedure that there already exists provision to this effect. As soon as the various Committees assume office, I shall constitute this Committee also.

Yours sincerely,

Sanjiva Reddy
