Dear Haribabu,

My apologies for the delay in replying to your letter of 22nd September. It was very kind of you to have sent me Swatantra Party papers with Shri P.C. Das. I have not looked at them yet because I am busy with the programme for Mr. Masani's Eightieth Birthday. I shall certainly return what I don't need.

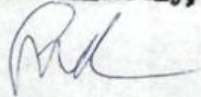

by Mr. Subramanian

The so called revival of the Swatantra Party has nobody's sanction except his own. All such efforts are non starters.

You will be receiving very soon a letter from the Indian Liberal Group inviting you to a meeting in Bombay on November 21, to discuss the possibility of issuing a Liberal Manifesto. I suggest if at all you can make it, do try and come; if you cannot then of course I shall brief you on what happened. This could be the precursor to a new party over a period of time.

With kind regards,

Yours sincerely,

(S. V. Raju)
