of "Garibi Hato" have now been made to wonder whether they voted for "hatoing of the Garib" namely poor people.

If the Government of India inspite of protests raised all over the country and in the parliament persisted in the suicidal proposals to tax beyond capacity the poorer sections, this committee wishes to warn the Government of India that "Gujarat" will be enacted all over India on a bigger scale in the very near future not by the instigation of any political party but due to spontaneous bursting of peoples anger against the inefficient and corrupt government which
