My dear Raju:

Thank you for your letter dated 10-9-1974.

I went through very closely your article in the 'Freedom First'. It makes a very interesting reading and is usual full of insights and facts. We have some difference regarding the evaluation of the new party; however, I am entirely with you in condemning any Tamney Hall Methods in Politics. You are right that this tendencies should be resisted.

However, I feel that you should not judge the new party and its potentiality too harshly.

With love and regards,

Yours sincerely,

Kishan D Desai
