Dear Shri Raju,

Very glad to receive your letter dated 28.6.74 in which you have given some suggestions regarding the Statewise quota representation in the coming Swatantra party National Convention which will decide the dissolution of our party. The very next day of the receipt of the National Executive Circular No.120 dated June'74 I had replied them about my disagreement for giving one in hundred the delegate quota to represent in the coming national convention. As it seems, our *leaders in the* party and all of them have totally forgotten about the Teachings & Sayings of our Founder the Late Shri Chakraverty Rajgopalachari. In this connection, I have got many things to tell you and express my feelings regarding the present state of affairs in our party. I wish I meet you shortly in the coming national convention where I can discuss with you in detail.

Anyway a copy of my reply which was already sent before receipt of your letter is herewith sent for your kind information.

With kind regards,

Sincerely Yours,

Enclosure

As above.

Dated the 26.6.74

Dear Shri Madhu Mehta,

I have received your National Executive Circular No.120 dt. 19.6.74 in connection with our approval for the statewide representation in the coming national convention. I feel this particular national convention which is a all powerful body will decide whether swatantra party shall remain or is going to be dissolved in order to form a national opposition party to that of ruling congress and communist. I have also seen the post card attached to this circular in which my consent is required for the statewide representation in the national convention for one to hundred. This I totally disagree for the simple reason that all most all the party members should be given a fair chance to have a discussion on this crucial point. Instead the central office and our respected leaders are thinking to give lesser representation with the plea for lack of accommodation and resources available with the party.

I,therefore, request you to consider this and see that greater representation is given than provided under clause 16 of the constitution so as to enable all the willing party workers to take part in the coming convention to decide in the matter. In the and I once again express my feelings of disagreement to this one in hundred representation in the coming convention.

With regards,

Sincerely yours,

Sd/- S.C.Mahapatra
