My dear Raju,

It was nice of you to have written to me, I am glad you have joined Mr. Kasani, who is now doing well after the operation.

Raju I took active interest in the agitation I had processions, one doctors & Advocates (2) ladies procession (3) was all party and public the procession was the biggest about 22000 people joined vs. Raju and we had several others, I went to all public meetings and spoke, I went on fast and we managed and instructed the Nav Nirman boys, who did everything in consultation with me and Jansangh leader Govind Desai. I am happy about the state of affairs then but unfortunately I feel we shall again make way for Jansangh because of our foolish and uninspiring leadership. Why didn't Mr. Kasani make a statement was it not his duty to make enquiry and say something about Rajkot, I am sure people now want him back. I tell like writing to him but he easily gets annoyed perhaps he does not care any more for us now, so I ended on the safe side why bother people

Raju I shall be obliged if my money is sent soon, I am not going to write to Bhatia anymore he does not reply - you were in office then and so you kindly see that I get the amount I need it.

Raju my album to Mr. Masani's last election and the photographs I gave you for having a look, kindly personally see that I get that back.

Rajkot office has so many articles of use and Pramod is not doing anything why don't he instruct some one to make Pramod active once again, we are having good chance this is the opportunity to take advantage with regards yours sincerely
