My dear Kaiku,

I am writing to request your support to the Swatantra Party. The need for an effective Opposition to the Congress has been sharply emphasized in the last two or three years, and the emergence of the Swatantra Party has been hailed all over the country. Its policies and programmes have been widely publicised, and I am sure you are largely in agreement with them.

Your brother Ratan has given me a handsome donation, and I hope you will see your way to better it ! I would also expect some support from your brother Boman and your Firm, but I shall not make an approach until I hear from you. The support the Party has received so far has been satisfactory, but a great deal more is required if it is to carry out its programme.

With kindest regards,

Kaikhusr A. Dubash, Esq.
