Dear Shri Modi,

Thanks for your letter dated the 19th October and the enclosed script of your speech. I propose to make good use of it as you will see by and by.

As regards the statement of monies disbursed from Bombay, the sum of Rs.10,000/- mentioned as having been given to Rajaji is not a debit, because the same has been credited to the Central Party Office in Bangalore and it remains there. The other items are correct and I have made suitable entries in my files.

As regards printing charges, now that the Provincial organisations have started working, it is better that we put the burden of printing the forms on them slowly^{and} as and when possible I am doing so ~~slowly~~, relieving both Madras and Bombay of the work. I am not following any particular principle here, but using my judgement as to the availability of local resources.

The procedure that you have suggested in Para 3, i.e. routing of requests ~~for~~ subventions to regional committees through the Central Office, will be followed strictly. The budget of allocations that you have enclosed correctly states the position.

Yours sincerely,

S.Y. Krishnaswamy

Shri Homi P. Modi,
Bombay House,
Bombay 1.
