29th August 1959

My dear Masani,

This is in reply to your letter dated 21st August which reached me only today.

I shall add Lt. Col. Pasricha name. I shall also change the name Gupta to Roy. I distinctly remember being told that Charat Ram does not want to have his name included amongst the members of the Committee though he would be willing to work for us. In fact my notes show that ~~I have not yet responded~~. I have written to Lall Singh suggesting that you should persuade Charat Ram to allow us to include his name.

Regarding Bihar matters you would have received my letter.

The extra 30,000 in the budget is due to the inclusion of the States in which the party has not yet been formed. It was felt here that a budget should be complete on the assumption that ~~for~~ *during* the next few weeks or months. We shall be organising the party in the other regions also. You need not worry over much about Bombay's contribution. This is only a note for our own guidance and not yet to be circulated to anybody and if you are particular I shall change the wording to "It would be best that Bombay might contribute Rs. One Lakh". You will notice however that extra 30,000 has been placed on the leaders of the provinces.

Yours sincerely,

S.Y. Krishnaswamy
