My dear Sir Modi,

I was really fortunate to have met you in the Swatantra Convention. It was a rare treat to see your gracious self and Rajaji handling the deliberations in Kasturi Bldg.

By Rajaji's and your hard work I think the Party has been launched with good momentum.

Rajaji has commanded me to take up the Hindi Section at Bangalore. Due to some domestic difficulties I am not in a position to go there.

I suggested to Sri Krishnaswami to bring the office to Bombay but he was reluctant. I think that North cannot be managed from Bangalore. I hope you will also

Suggest them to have the Northern Section at Bombay.

In Hindi there is a necessity of a good views paper. If we can start a publishing House in Bombay I think it will be a very paying concern. I hope you will kindly explore the possibilities of the venture.

With best regards

Sincerely

N. Janinchar
