Dear Mr. Ruttonchund Master,

1767
Thanks for the letters you have been sending me from time to time conveying your views on the events of the day. I am sorry I am unable to deal with them individually.

It is a matter of great satisfaction that the Swatantra Party is evoking such widespread support. Those of us who are associated with it will see to it that it develops into a responsible body capable of influencing the course of events.

With kind regards,

Yours sincerely,

Enc.

Mr. Ruttonchund Master.
