My dear Sir,

In connection with the formulation of an economic programme by the new party it was felt that the suggestion of friends like you should be taken to prepare a note laying down the broad principles of economic policy that would attract as many as possible, especially the middle classes. It is accordingly proposed to hold a meeting at the residence of Minoo Masani (7, Altamount Road, Bombay-26) on Friday, the 17th inst. at 10.30. As you are in a position to offer constructive suggestions in this behalf, I would very much like you to be present and participate in this meeting.

Thanking you and with warm regards,

I am,  
Very sincerely yours,  
*R. V. Murthy*
