My dear Fredie,

I have received your message of the 8th. Since none of the queries suggested by you would have fitted naturally into the speech that I am planning to make and, in any event, the Minister hardly ever answers questions put in the course of the discussion, I thought the better thing would be to make the inquiries in the form of questions. This has now been done and I shall let you have the answers as and when they are given which should be on March 25 and April 1 respectively.

Yours sincerely,

(M. R. MASANI)

Dr. Fredie Mehta,
