My dear Singhvi,

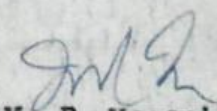

Thank you for your letters of June 27 and July 13. All I can say is that I am greatly disappointed that you have decided against a positive decision for the present.

In so far as Kashmir is concerned, I am profoundly convinced that the picture is very different from what you understand it to be. That, however, is an issue on which we must, for the moment, agree to differ.

* I enclose herewith a factual background paper on Kashmir which was prepared for internal circulation in our Party. I do hope you will find it enlightening.

Yours sincerely,

Encl:*
