My dear Jain,

I trust you received my letter of January 15 and have made arrangements to reach Bangalore in time.

Prof. Ranga tells me that he had asked you to send me a draft of a report on the work of our Parliamentary Group which may be put out in Bangalore. I told him yesterday in Rajkot that I have not received such a draft from you so far.

Will you kindly let me have the draft if you have prepared it so that I may consider if it is suitable for distribution to members of the General Council? Please note that no material should be distributed at Bangalore except through the Central Office and this will not be possible unless I have a few days to make necessary revisions, otherwise we shall drop the idea as there is a long passage already included in the G. S. Report about Parliamentary activities.

Yours sincerely,

(M. R. Masani)
