Sri S.V.Raju,
Jt. Secretary, All India Swatantra party,
L/9/92 Tilaknagar,
Bombay. 89.

My dear Raju,

Thank you very much for your letter dated 29th December 1976 and the message you have sent for the Madurai Conference. It is my surmise that the conference on the 44th Constitution Amendment Bill and the resolutions passed by the conference at Madras, copy of which was circulated to all the Ministers and members of parliament have hurt the ruling party and hence their libellious attack on the party and its founders. I hope that the Madurai conference as well as the meetings of the committees will take note of this unwarranted and false accusations and give a fitting reply.

Regarding Chananayan I am afraid that ~~there is~~ I have not made my position clear to you. Anyhow you need not worry about it now.

As far as the Tax Recovery Officer is concerned I still feel that your meeting him will help to get the position clarified and that officer will be fully posted with the correct position. Further we have told him in our letter that one of you will be meeting him. Hence I feel it will be better if you see him one of these days and

p.t.o.

explain the correct position.

Sri Piloo Mody's present ~~position~~ attitude did not surprise

me at all.

With kind regards,

Yours truly,

(V.S. Srikumar)
Joint Secretary.
