Sri S.V.Raju,
Jt. Secretary, All India Swatantra party,
1/9/72 Tilaknagar,
Bombay.89.

My dear Raju,

Many thanks for sending me the photo-stat report that Statesman of New Delhi has published regarding our special conference on the 44th Constitutional Amendment Bill. As far as I know there are only three newspapers in India today worth the name. One is the Statesman, the other two are Indian Express and Dinamani. I believe that some of the language newspapers in North India also have reported the proceedings of our conference. It is flattering to learn that the Prime Minister took note of our definite stand in this matter and Mr. Gokale was provoked to make a reference to our party and the following it still commands.

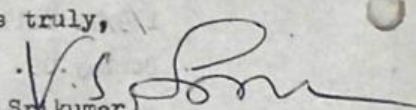

Mr. Harihar Patel has stated that we may produce for wide distribution some literature regarding the burning problem of the recent amendments to the Constitution. He has specifically suggested that I should contact you and Mr. Masani for

p.t.o.

help in this matter. Please discuss this matter with Mr. Masani when he is in ~~good~~ mood and let me know whether he would help us in preparing a pamphlet that will be both educative to the public and will be devastating as far as the Ruling Party's stand is concerned.

Thanking you once again and with my regards,

Yours truly,

(V.S. Srikumar)
Jt. Secretary.
