Dear Sir,

A meeting of the National Executive and the National General Council of our party is likely to be held at Bombay either in the second week or third week of June 1976. Certain important subjects like the proposed amendments to the Constitution and the move that certain political parties have taken to form a united opposition party have to be considered in depth and suitable decision taken. Since this is a very important meeting, kindly make yourself convenient to attend this meeting and oblige.

Regular notice will be sent to you after our General Secretary (Mr.Girish Munshi), returns to Bombay.

You may please write to the National Headquarters about your views on the above two subjects and also write to us about the political situation in your area.

Thanking you,

Yours truly,

(V.S.Brikumar)
