

Naimisharanya,  
Mathura.

2152

My dear Raju,

I wished to meet  
you before I left for Mathura.  
I hope you are receiving letters &  
papers from Narayan & dealing with them.  
I am sorry to leave you with this  
burden.

Some  
Two things worry me.

(a) Election is coming in six  
to eight months. We must  
set up our machinery and  
finance. A lot of thinking must  
now be concentrated on that.  
As you know I am inexperienced  
about these matters. Please give  
a thought to it.

(b) Finance for election. If  
we don't contest election

we must expect to be extinct  
because no one will then  
be interested. Please talk to  
Masaru and think him  
to Brundaram & Keshuwal.  
Unless we think ahead it  
will be impossible to contest  
elections.

(c) I have found some  
old manuscripts but we must  
collect all manuscripts &  
come to a draft soon, or  
we won't have else it will  
be late. I have asked  
Narayan to send me manuscripts  
& all the papers from 1952  
onwards. Please ask him to  
expedite collection.

(d) What about that in Delhi?  
Keshuwal was to enquire  
from Mathuram Appachy.

he has not received any  
reply. Under Paragraph 1 is  
shown my feeling is that  
we may forget about it

(2) What about jeep &  
electrical? Please ask Naryan  
to write about it

✱ I am sorry to be troubling  
you about these matters.  
Have you written to old  
doctors about it? Have you  
received any letter from ~~Bhagava~~  
Bhagava?

With kind regards to you &  
Kumaran from Indira &  
myself

Yours sincerely  
Girish Menon
