Mr. Dandekar

I am inclined to think that the Bill is in the right direction.

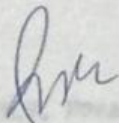

If you will kindly turn to the statement of objectives and reason ,
my own recommendations to the five concrete proposals are as
follows:

- 1) Yes
- 2) Yes
- 3) I am not sure whether this is not making the filling of a ^{petition} ~~legislative~~ election-option too difficult? What do you think?
- 4) I am opposed to this change. I do not see why ^{the} election of
the President or Vice-President should not be set aside if
bribery or undue influence can be proved.
- 5) Yes

Perhaps the best thing would be if you could pass on your comments
along with mine to Mr. Raju.
