My dear Mr. Masani,

There have taken place distressing political changes since I wrote to you last and specially our party "The Swatantra" has met a debacle. In Bihar, the leaders of the party fielded number of candidates, but only one has been elected. Among the defeated only three have reached four digits, the rest hover between 200 to 400.

You know I have been one of the oldest members of the party since its very inception in Bihar. I joined at your calling. Now I feel there is absolutely no scope for the party in Bihar. I being a political worker, feel inactive and out of picture.

I again reiterate that wherever I be, I will be your follower. You being my political mentor, please let me know what am I to do.

With my best regards,

Sincerely Yours,

S. A. Chaudhary
