My dear Zamindar,

I have seen your letter of 17th May and I am amused at the rumours that seem to bother you.

Of course, there is no truth in my following Prof. Ranga's dubious example but even supposing I had, do you think that you should have allowed that to influence your own adherence to our very sound principles?

Since you are interested in my thinking, I enclose the text of my remarks at the recent General Council meeting of the party.

Yours sincerely,

(M.R. Masani)
