Respected Masani Sahab.

Hope, this letter will find you in best of health and happiness.

Thanks for your kind reply. When I met you at Bombay you told me that you feel that there should be formation of a new rightist party. When I reached Tejve Thakur Mandate Singh also ~~he~~ told me that you are thinking of forming a new party after elections. Well, I may be wrong and you have wrote me that you have no intentions of forming any party. But myself and ~~other~~ many others who have faith in Democracy are seriously thinking of forming a new national democratic party. Unfortunately Swatantra Party has lost its image in public due to the reasons known to all. There is no other rightist Democratic national Party in country. I can't believe that Congress-0 can revive and I don't think Congress-N is a democratic party. Communists who are

inside Congress - N have influenced Smt. Jyoti
Gandhi, Congress - N Organisation and administ-
ration to much at least this has happened in
Rajasthan.

Please don't think that I have stopped
supporting Swatantra Party. At the time of mid-
term - Poll I worked very hard for Rajmata Gayatri
Devi as she desired. I will be collecting as much
as possible votes for Swatantra Party for next elections.

As I wrote you, I want to contest next
elections as an Independent candidate. After
winning the elections I will join Swatantra Party.
Though I have much brighter chances of winning
and can spend a little amount too but as
you know, now-a-days elections have become very
costly affair. I must have support of some
capitalist or a Democrat like you. Your small
help can make my victory sure. I hope you will
reconsider my request and will do something
for me.

Please don't mind any mistake in
this letter as I ~~am~~ have been educated in Hindi
Medium.

I am awaiting your kind reply.

Yours sincerely,
Dhyan S. Mahajan
