Dear Sir,

MRA-4093

I return herewith your bill in respect of jeep vehicle MRA-4093 for the year 1984. I had already written to you on October/17 pointing out that this vehicle along with other vehicles mentioned in my letter have not been in my possession during 1984 or earlier.

I had also mentioned in my letter that I had nothing to do with this car and that due notice was given to you by the Swatantra Party that the car was sold as far back as 1949. Despite my pointing out this to you on several occasions I still keep on getting these bills and I regret to state that your office has taken no notice of my communications. I hope that now at least your office will desist from any further harassment.

Please also note that should any ~~further~~ bills be sent to me in connection with any of these vehicles I shall make no further communication.

Yours truly,

(M.R. Masani)

Encl: Bill

MRM/LP.
