Dear Mr. Bhatia,

Received your letter of December 17.
Your letter, except for the last para is totally irrelevant to the matter dealt with in my letter of December 13.

What a clique which lead the Party to ignominy, imagines has happened to the Party does not concern me. I can only state that the Swatantra Party founded by Rajaji is very much in existence for all those who have a basic sense of loyalty and dedication to certain fundamental values.

In any event as I have no intention of getting into a debate on this matter with anyone least of all you, I shall thank you to kindly confine yourself in future to the subject matter of the correspondence which in this case happens to be an enquiry from the R.T.O. in regard to certain Jeeps which at one time had been registered in the name of the Swatantra Party.

Yours sincerely,

Yours truly,

(S.V.Raju)
