For the kind attention of Mr. Udvedia

Dear Sir,

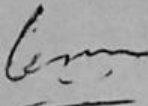

This is in context to the telephonic conversation the undersigned had with you this morning about the various vehicles which were bought by the Swatantra Party under various individual names. The Swatantra Party has now merged into the Bharatiya Lok Dal.

As explained to you over the phone, I had personally met Mr. S.R. Tracy and informed him about the situation of the vehicles and he advised me to write a letter to him giving him the necessary information. A copy of the same is being enclosed herewith for your ready records. This letter will give you all the necessary details as to where the vehicles were sent at the time of the general elections in 1971.

The 5 notices received by us are being sent herewith for your records.

Thanking you,

Yours truly,

(EXECUTIVE SECRETARY)

Encl: as above.
