Dear Sir,

I have received your Bill of Motor Vehicles Tax No.840201 dated 1.2.1984 for the period February 84 to January 1985 in respect of Jeep No.MRG. 2347.

I must confess that I am surprised to receive this bill as it appears that earlier communications addressed to you in regard to this vehicle do not seem to have any effect.

This vehicle belonged to the Swatantra Party for its use during the elections in 1971 and was sold by the Party to somebody outside Bombay immediately after the elections. This information was supplied to you by the Executive Secretary of the Bharatiya Lok Dal into which the Swatantra Party merged at that time, by his letter of March 29, 1976. This vehicle was No.13 on the list of vehicles mentioned in that letter. This information was repeated to your office in a letter dated November 23, 1976 by Mr. S.V.Raju who wrote on behalf of himself, myself and Mrs.Padma Vaswani. If you will kindly refer to these two letters you will appreciate that not only is nothing due to you from me in respect of these vehicles but that this bill should not have been sent to me at all, I am therefore returning the bill for cancellation.

Yours truly,

* Encl: Bill
