Mv. Morarjibhai,

It was nice to hear about your success, we Gujaratis wished to have you as Prime Minister, but destiny designed something else.

The Front without programme proved fatal to the democracy of our country. Mr Masani was fully justified to quit the Front, but we failed to gauge his seasoned judgement and dragged ourselves into the Slaughter- House the so-called "Front"- the path to hell is paved with good intentions.

While the alliance partners were busy selfishly betraying one another, Mrs. Gandhi with her dynamic personality offered an appealing programme through systematic propaganda that almost charmed the electorate with a magic wand. Indians seem to prefer even communists to Congress.

Cruel target of the Front is Swatantra Party, joining hands with Congress (O) we lost our anti Congress Votes, which went to Indiraji. She got the majority because she was out of the Congress. We would have won if we went alone. Front gave her a cake of anti Congress Votes.

I may be pardoned to remind you about GPCC'S misbehaviour in the beginning; but the 2nd act of the drama was well played by announcing public support while behind the back, they brutally stabbed Swatantra Party. All Congress men without an exception worked against alliance candidates the result is obvious. All Swatantra Party candidates and Independants lost their seats to Congress (I) while Congress (O) candidates were successful, whuld this not raise suspicion?

I sensed it before and warned Mr. Masani the Butchered scrape goat of the Front who expecting selfish Congress men to behave as Swatantra Gentlemen, only said "do not start doubting people". He requested the Congress cat to guard Swatantra milk".!!!!

Mr. H.M. Patel, being a Gujarat M.L.A. knew his Congress colleagues too well to be trusted. How could we trust G.P.C.C. that not only tried to destroy our party but gave a warm embrace to the defectors who were made even ministers; just after the Loksabha election. This mischief was postponed till the poll because, the Chief Minister thought it may put Swatantra on guard and his game may be lost. Deceitful and corrupt Congress with unclean hands need to be destroyed, the electorate did the natural justice and to-day Congress (O) almost is washed off political screen of India.

We live to learn and its very truly said. "It's a shame to cheat, but not in being cheated."

During my election campaign I was touring Rajkot constituency, at village Jetalsar. I saw an epitaph on a dog's tomb which reads "The more I know my fellow men.

The more I love my dog "Maharaj Kumar
