Dear Mr. Arya,

I am most grateful to you for clearing the air in the 4th May issue of Lok Bharati which is your own paper, wherein it has been mentioned that you are now the Secretary of the BLD in Delhi.

I only wish you had been frank and mentioned your intentions when we met last in Delhi. Where was the need for you to have done play-acting? As you are well aware, developments since August have eroded considerably my faith in human nature and particularly those who call themselves my friends. You are only one more addition.

I now realise why you are not sending me copies of either "SWATANTRA JYOTI" or "LOK BHARATI".

With kind regards,

Yours sincerely

S. V. Raju

P.S. I am only sorry you have at last thrown in your lot with a bunch of crooks, self-seekers presided over by a megalomania.
