No. DW-13(10)/68
 सिंचाई व बिजली मन्त्री, भारत
 MINISTER FOR IRRIGATION & POWER
 INDIA

नई दिल्ली,
 New Delhi, 28th May, 1968.

Dear Shri Masani,

Kindly refer to your letter of 29th February, 1968, enclosing a copy of a letter from Mr. Raj Ballabh Mishra, Minister of Community Development, Panchayati Raj and Agriculture in Orissa Government. Shri Raj Ballabh Mishra has suggested that the clearance of the Anandpur Barrage Project should be expedited. The Project Report received from the State Government is under technical examination in the Central Water and Power Commission. I understand that the Commission have sent their comments to the State Government and have requested them to send their replies and also send an officer for discussions so as to finalise the scheme and cost estimates. I have asked the Commission to expedite their scrutiny and place the project report before the Advisory Committee for clearance of Irrigation, Power and Flood Control Projects, at an early date.

With kind regards,

Yours sincerely,

K. L. Rao
 (K.L. Rao)

Shri M.R. Masani,
 Member of Parliament,
 Lok Sabha,
 2, Tughlak Road,
 New Delhi.
