My dear Duggie,

You will remember a discussion in which you and I participated some weeks back about the possibility of Tatas doing something in Orissa. In that connection, I thought you would be interested in seeing a letter I have received from the Chief Minister of that State and I am therefore enclosing a copy for your perusal and information. You will notice that Tata Chemicals has been mentioned in it along with Tisco.

I am writing at the same time as this, forwarding a copy of this letter to Jeh. I am also forwarding to him two notes received by me with the Chief Minister's letter, one on the Talcher Industrial Complex and the other on the Industrial Prospects in Orissa. I am unable to send these to you because there are no copies.

With kind regards,

Yours sincerely,

(M. R. Masani)
