Dear Mr. Sanghavi,

Thank you for your letter of the 12th and your kind expression of sympathy about the result of the election in Rajkot.

By and large I agree with the analysis you have given of the reasons for the result though I wish it was true that money power has no significance. I fear what happened in the villages in the last two or three days would tell a different story. All the same I appreciate your kind letter.

Yours sincerely,

(M. R. MASANI)
