B. Achuta Raju,

Member: General Council of the All India Swatantra Party.

GUNDUGOLANU (P.O.) W.G.Dt. A.P.

Dear Friend,

I have your kind letter of 1st November felicitating me on my election to our Party's General Council and I thank you very much for the same.

Though I agree with you that a change in the administrative Personnel of a party is desirable, I am unable to help regretting that a Statesman of your Calibre, experience and integrity is stepping out of the Office of General Secretary. However, your promise of continuation of help and guidance to the Party in future also, is a consolation on which our regret is lightened.

I fondly hope, time is not far off when your Valuable services would be duly recognised by the whole country, particularly since the birth of the Swatantra Party, which you have so skilfully nourished and brought up to its present position.

I promise that my humble, yet sincere and unstinted co-operation would continue with the new executive.

May God bless you with longevity for the service of the Country!

Yours truly,

B. Achuta Raju
