Dear Nino,

I am sorry to be bothering you about this. But I think, it is absolutely essential that you should come to Delhi soon and re-organise the Swatantra Party. Uptil now the whip of the party has never even asked us to meet. We do not know what the other members look like. We have never been called to discuss anything and no one has ever opened his mouth! If things continue at this rate we shall be the laughing stock of the whole Lok Sabha. The only thing I can think of, is that we must persuade some of the Independents to join us. This will obviously mean giving them a position in the Party, but since they will be better spokesmen than us, I don't see any harm in this. There are one or two who, if tackled properly, may join us and their coming will make all the difference. So I earnestly suggest that you should come down to Delhi as soon as possible.

Yours sincerely,

Ayaz Faiz
