28th March 1962

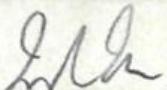

Dear Sardar Kapur Singh,

I have your letter of March 22 and am very happy to know that we shall have your cooperation in building up the Party in Parliament and outside. I forward herewith information about the Candidates' Convention which we are holding in Bombay on April 7 and 8, and since we do not have the pleasure of knowing you I think it would be very helpful if you were to come down to Bombay to attend this Convention which is for both successful and unsuccessful candidates and were to meet Rajaji and the rest of us.

I also enclose notices of two meetings in Delhi on the afternoon of Sunday, April 15, which I trust you will make it convenient to attend in any event.

Yours sincerely,
