Dated the 23rd March 1962.

Dear Mr Masani,

Dr. M. K. Masani

Last night I had a discussion with Palkot, the Organiser of the Ram Rajya Parishad for this area and in the course of our talk he related to me the Jashpur M.P. (R.R. Parishad) and one Rajasthan M.P. (Independent) related to Palkot might as well join the Swatantra Party and help forming the Majority Party to lead the Opposition in the Parliament. Land and Forest are their common ground of inclusive common interest and there are a couple of more issues of exclusive interest of theirs.

I suppose we the Swatantras have twentyseven in the Parliament for the moment and Communists have twenty-nine. And we must have to include three more in case we are interested in forming the largest majority party in the Opposition.

I am moving to Jamshedpur and shall be there till 27th of March 1962 from where I shall be leaving for Patna on the 28th March '62 positively on my way to New Delhi where I shall contact Sri Kamakhya Narayan Singh M.L.A. the Vice-President and discuss about the whole affair.
