My dear Mankekar,

I notice in today's Express that on page 9 in the report of the discussion on the Companies Bill in the Lok Sabha, Professor Ranga is described as an Independent by your Parliamentary correspondent, and on page 7, I am similarly described in the report of the discussion on the Preventive Detention Act.

When the Swatantra Party group in Parliament was established in the beginning of 1960, this information along with the names of the members was sent to all the Newspapers including your Newspaper, and, as you will have noticed, all other newspapers describe members of our group as belonging to the Swatantra Party.

I shall be glad if you will kindly mention this to your Parliamentary correspondent so that members of our party may be appropriately described in reports of discussions in Parliament in future.

Yours sincerely,

Mr. D. R. Mankekar,
Editor : "Indian Express"
