Dear Sir,

It is in continuation of my letter of 19th enclosing a ~~the~~ copy of the amendments which we have moved to the motion on the President's Address. It seems P.S.P. backed out from their commitments and did not sign the joint amendments. They incorporated the first two amendments in their draft and submitted their amendments independently. You will find text of P.S.P. amendments on p. 9 of the enclosed set of amendments which is for your kind perusal.

With regards.

Yours sincerely,

(A.P. Jain)
